Page 2 (Petition Under 37 C.F.R. §1.137(b) To Revive An Unintentionally
Abandoned Application – July 25, 2005)

This '102 application became unintentionally abandoned after October 11, 2004, which was the date that a response was due to the August 11, 2004 Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures – Filing Date Granted ("the Notice"). A copy of the Notice of Abandonment, which was mailed on May 12, 2005, is attached herein as Exhibit 1.

Accompanying this Petition is a response in the form of a Reply (Exhibit 2) to the August 11, 2004 Notice consisting of an Amendment directing the entry into the '102 application of a Sequence Listing, including the compliant computer readable form thereof, from a related application - U.S. Patent Application No. 10/096,075.

It is hereby requested that this '102 application be revived because the delay in taking action was unintentional as was the entire delay in filing the required reply from the time that the reply was originally due until the filing of this petition.

The fee for filing a Petition to Revive an Unintentionally Abandoned Application Under 37 C.F.R. §1.137(b) is \$750.00. The United States Patent and Trademark Office is hereby authorized to charge Deposit Account No. 05-1135 for the requisite fee of \$750.00 for a small entity. No other fee is believed due in connection with this extension request. If any other fee or fees are due, however, authorization is hereby made to charge the amount of any such other fee(s) to Deposit Account No. 05-1135 or to charge any overpayment thereto. A duplicate copy of this Petition but without the accompanying exhibits is also submitted herewith.
